

JOIN THE NEW HAMPSHIRE RIVERS COUNCIL *for the PREMIERE of the*
AMERICAN RIVERS DVD
RESTORING AMERICA'S RIVERS: PREPARING FOR THE FUTURE

It's the most glamorous night in Manchester, and we've got the **blue carpet** to prove it!

We'll roll out the **Blue Carpet** on June 23rd at the premiere screening event of *Restoring America's Rivers: Preparing for the Future* from American Rivers. This documentary tells the story of how community leaders are solving the problems associated with extreme weather, damaging floods, and the threats to infrastructure caused by dams that have outlived their life spans.

The removal of the **Maxwell Pond Dam** on **Black Brook** and the restoration of freely flowing waters and fish passage is featured in this documentary, along with three other project sites from around the country.

THE PLEASURE OF YOUR COMPANY IS REQUESTED for the premier of this **Blue Carpet** event - and you'll mingle with film stars!

- Where:** Public Service Company of New Hampshire –
Commercial Street, Manchester
- When:** Wednesday, June 23, 2010 at 6:00 pm
- Why:** Do you need a reason to walk the **Blue Carpet**?
