

# Site Plan Reading and Analysis Workshop

March 6, 2013 from 9:00 - 11:30 AM

Hugh Gregg Coastal Conservation Center • Greenland, NH

Refreshments and networking 8:30 to 9:00 Training starts promptly at 9:00

Developed and organized by the GBNERR Coastal Training Program, the New Hampshire Rivers Council, and the Piscataqua Region Estuaries Partnership

## **Plan Reading and Analysis (With a Flair for Fun)**

Whether you are an experienced planner or you've just volunteered for your local land use board (planning, conservation, zoning) you know reading and interpreting site plans is part of the job.

**Don't panic**, this workshop will help you to learn what all those lines mean and give you an introduction to basic engineering terms. We will review a variety of plan types including site and subdivision plans, existing conditions, grading and drainage, road cross-sections, profiles, and landscape plans. We will go on a virtual tour to further identify typical elements on site and subdivisions. Participants will get a hands-on session with a simple step-by-step process of highlighting plans. **By the end of the session you will have a good idea on how you can make plans more "readable", how to begin your analysis of plans, and how to use highlighted plans as a tool for discussion with developers.**

- *Please bring 3 or 4 colors of your own highlighters to markup handouts.*

## **Sylvia von Aulock, Instructor (and coloring expert)**

Sylvia earned a Bachelors Degree in Civil Engineering from Rutgers University in 1981, and later in 1985, earned a Masters in Landscape Architecture from SUNY in Syracuse. She has over 25 years experience in civil engineering, planning, and landscape architecture. Her focus has been primarily in the public sector, working in a variety of settings from a tree farm in New Jersey to the City of Seattle's Drainage and Wastewater Utility. Since 1999, Sylvia and been working as Exeter's Town Planner. However, most importantly, Sylvia has been coloring for about 50 years!

**Registration:** This workshop is free of charge but you must register to participate.

Visit [www.NHRivers.org](http://www.NHRivers.org) to register. Please contact Beth at 603.228.6472 or Steve Miller 778-0015 ext 305 for more information.
